Market & Company Situation

(Source: RMS Data Nielsen Q2 2020)

- The trend of hydrating lip began to be in demand again in 2020, more and more brands released lip products that contain hydrating / moisturizing agent. By using lip hydrating, lips that has problems like chapped or dry will look healthier and moist. During the COVID-19 situation, people tend to use mask every day that can makes their lips dry. With the concept of hydrating treatment with sheer color, Lip Hydrating product will be more comfortable to be used in daily basis, because it hydrate lips and makes lips looks healthy.

2020	-17.3%	-23.6%	-8.5%	-12.3%	335.5%	-49.3%	1861.7%	-28.1%	0.4%	1201.8%	-31.9%	-27.9%

- Based on RMS Nielsen Data Q2 in YTD Jan-Jun 2020 in decorative lips, there are some brands that still have positive growth : Implora increase growth up to 335,5%, Vaseline 1861,7% Emina 0,4% and YOU at 1201,8%. While other brands have negative growth. Among the growing brands Implora is growing by 3 digits due to its strategy as a new comer playing in lower SES with very cheap price compare to another brands, while Vaseline suddenly appear in lip market in response to the COVID-19 situation, in where consumer are started to care more to lips treatment rather than lip decorative colors.

Consumer Situation

- Using mask every day tend to be less convinience to some consumers because lipstick stains in face mask, but lips are need moisturizer to keep it looks healthy and not dry. Those factors are some reasons why covid-19 gives quite big impact into consumer new product references during this pandemic.

(Source: Based on Internal Prodev Online Survey W2-W3 June 2020)

- Referring to consumer usage & attitude study [June, 2020]. Before covid-19 pandemic, mostly respondent use lip cream 54%, lipstick 49% and mascara 46%. During covid-19 the use of lip product is decreasing and lip balm is increasing. After covid - 19 it is predicted that the use lip product tend to get back to normal in line with the maintained use of lip balm.
- The used of lip balm before, during and after covid is growing significantly. This is an indicator of an opportunity for PIXY to launch lip hydrating product that has positive trend toward COVID-19 and post COVID-19 situations. This product also could make more chance to grab PIXY new potential consumer.
